

REAL 8K SUPER CLEAR PICTURE QUALITY

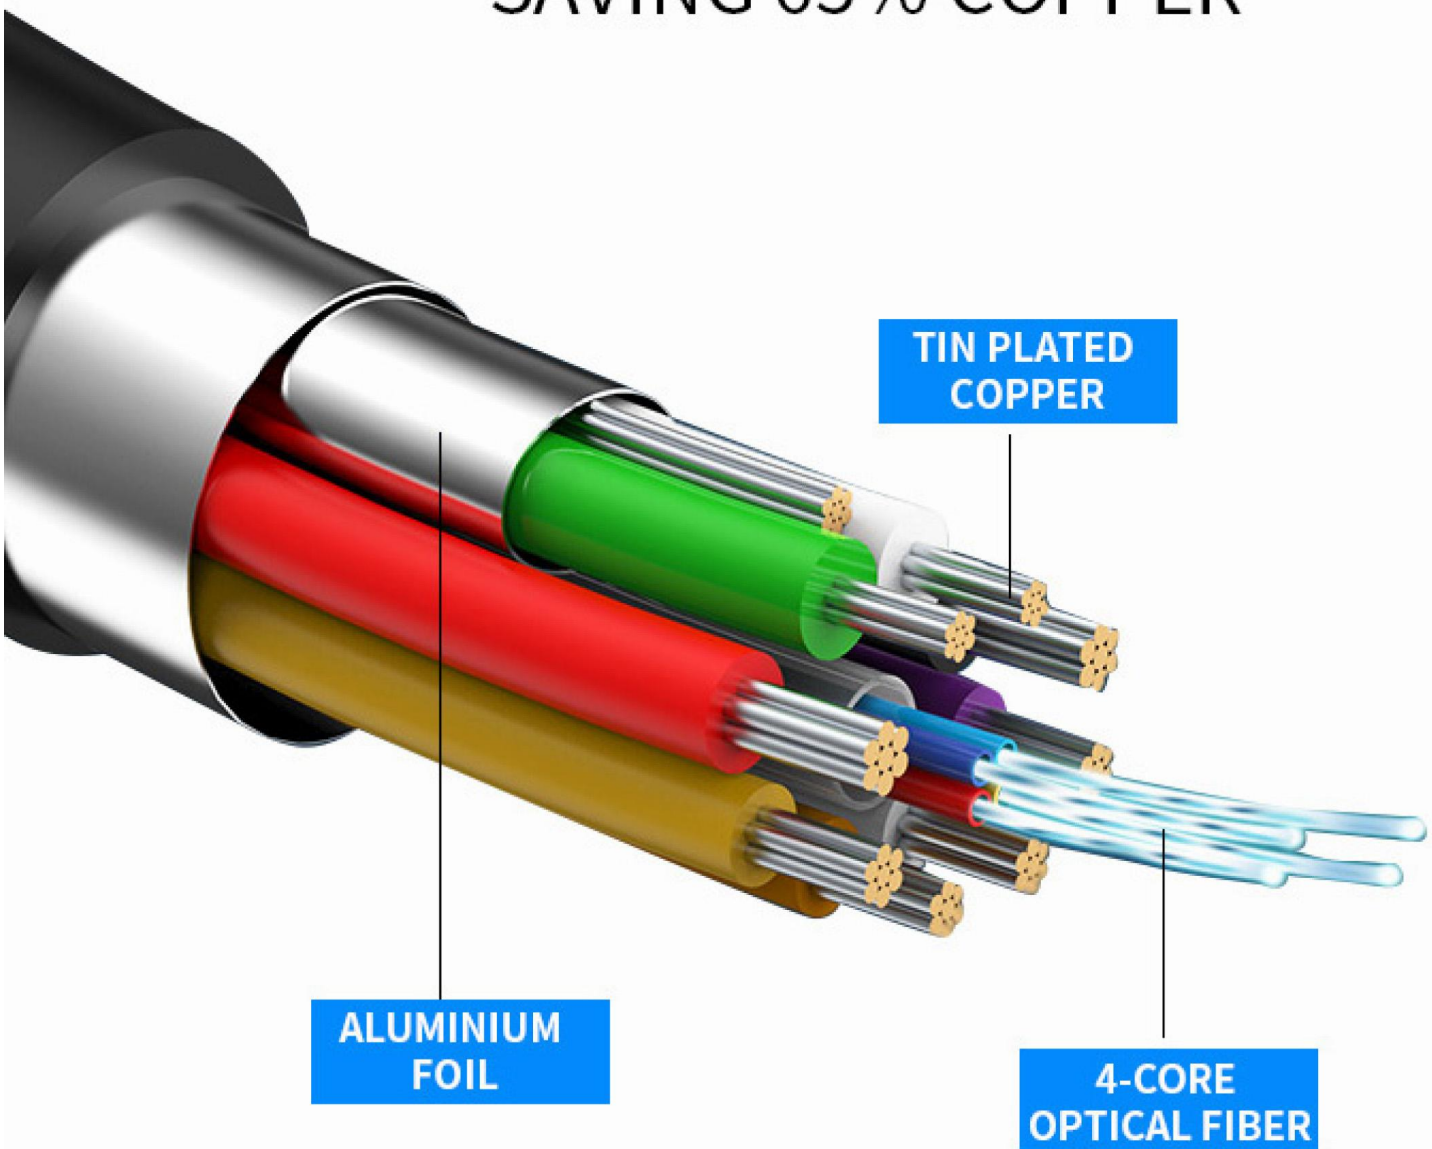

# 3D SHOCK EXPERIENCE

HDMI AOC OF ZINC ALLOY

# HDMI2.1 AOC CABLE

SAVING 65% COPPER

**Active Chipset**

### **Reliable Active Chipset**

- Active, powered chipset inside the cable boosts the signal for optimal
- Highly integrated chips ensure reliability
- Support long-distance Stransmission over 100 meters without latency and signal loss

### **Performance Fiber Optics**

- Fiber optic cores transmit data at lightning-fast speeds
- Fiber optics ensure reliable transmission of full 8K video signals
- Ideal for gaming and other high-resolution, high refresh rate tasks

**Fiber Optics**

**Durable and Flexible**

### **Super Durable**

- This fiber cable passed 10,000+ times bending test.
- High quality fiber core, which has a tighter bend radius and is much more resistant to damage and abuse than traditional fiber optic cables made of glass.

### **Easy to Use**

Plug and play, the signal will start to be transmitted immediately no extra power needed.  
Passed 10000times plug/unplug test.  
Quickly connect devices, feel the 8K signal

**8K**  
Ultra High Speed

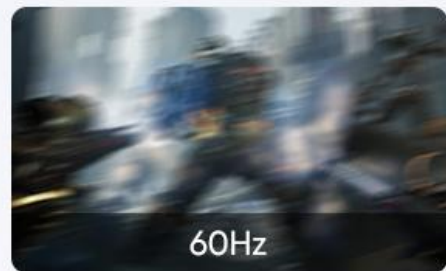

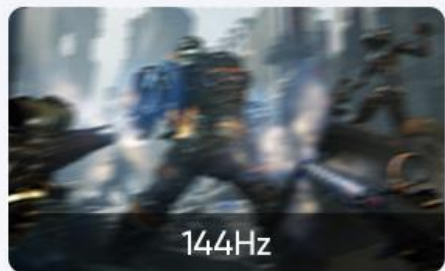

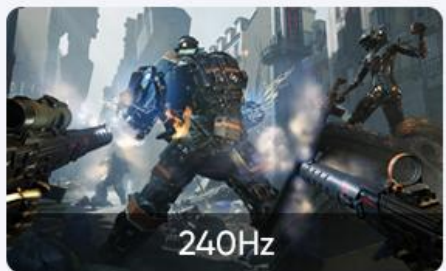

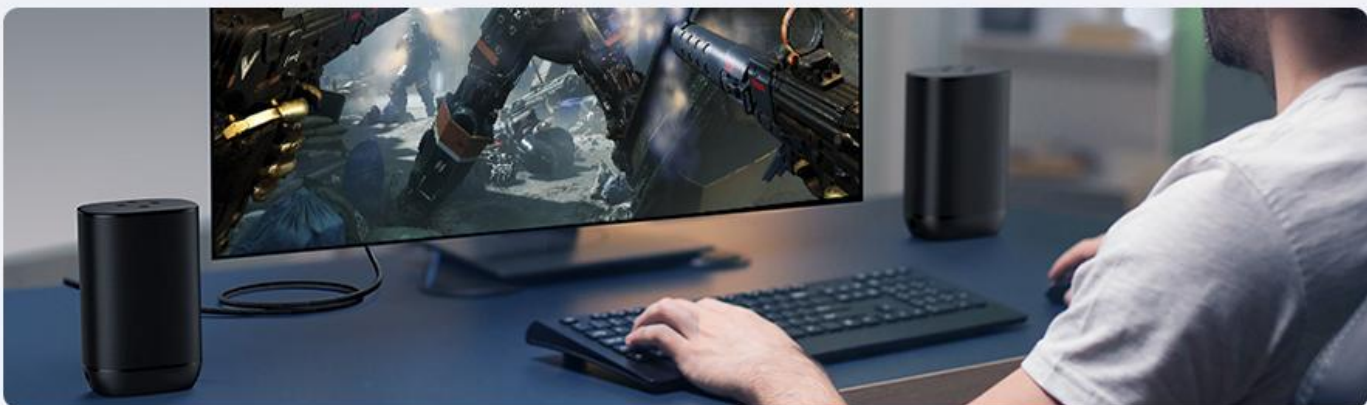

# Fiber Optic

HDMI 2.1 Cable 8k

- 48Gbps Bandwidth
- Dolby Atmos
- Dolby Vision
- Dynamic HDR
- HDCP2.2&2.3
- DTS:X
- eARC

## Up to 8K@60HZ, 4k@120HZ, 2K@240HZ

Avoid Flickering/Black Screen

## DATA SPECIFICATION

Cable Type	Fiber Optic HDMI 2.1	Features	8K,Dynamic HDR,Dolby Vision,HDCP 2.3,eARC
Connectors	HDMI Male to Male	Conductor	Tinned Copper+Fiber
Conductor Detail	30#(30A WG/BC*2C+D+AL)+30AWG/BC*4C+(1*0.404BC)*1C+4core fiber+Filler +D(1/0.254BC)+ALOD:4.7M Black PVC		
Bandwidth	48Gbps	Shield	Aluminium Foil
Resolution	8k@60Hz/4k@120Hz	Length	1.5M-200M for option
Plating	24K Gold Plated	Head	Zinc Alloy Head
